SWIMMING ENTRIES:

This meet is designed to allow your swimmers to establish their times for the start of the competitive season. Each team may enter a maximum of three (3) swimmers (3 boys and 3 girls) in an individual event and two relay teams per event. Swimmers are permitted to swim a maximum of 4 events, no more than 2 of which may be individual events.

Enter all swimmers (including relay-only swimmers not participating in an individual event) on your entry information. Enter your relay teams with four swimmers on each relay. (Relay change slips will be available in your meet package when you arrive at the pool the morning of the competition.) There will be no diving offered as part of this competition.

Individual swimming events will be prelims/finals with the finals session composed of a Consolation and a championship Heat (top 16).

All relay events will swim in the morning session, with only the top eight (8) returning for finals. Only 1 school team will qualify for finals.

A swimmer entered in the 500 freestyle may enter an alternate event in case their time in the 500 is not one of the 32 fastest. If they do not make the 500 field, then they may swim the alternate event. If they do make the 500 field, the coach must scratch the alternate event in the scratch meeting.

SCORING

Top sixteen (16) individuals and relays will be scored.

ENTRANCE TO THE POOL:

Our swimming facility is jointly used by our high school and community center. We ask that all swimmers and spectators please enter the competition pool through the high school doors located next to our “Commons” area. We have posted a map on our team web site. Please use the “Natatorium Entrance”.

We are requesting that teams with 16 or more total swimmers (girls and boys) to provide 2 timers for the prelim session only. Once the entries are in, we will be sending out the timing assignments.
